PURPOSE

Use this coaching worksheet to check how five potential sponsors interpret your message. Leave with a five-sponsor readback log that can be tested in real, respectful, consent-based work.

WHY THIS MATTERS

Start with sponsor interviews, manager challenges and permissioned programme feedback. Watch for explaining the message during the test. Review accurate unprompted summaries as a learning signal, not a promised result.

QUICK REFLECTION

Which dimension is the best starting point for this focus: check how five potential sponsors interpret your message?

DEEP WORK I

Positioning Readback Test

Use actual evidence. Separate what happened from what you assume it means.

01 / CURRENT PICTURE

01 Review sponsor interviews, manager challenges and permissioned programme feedback. What observed moment shows the need to check how five potential sponsors interpret your message?

02 What did the leader, colleague or sponsor actually say or do? Record one concrete example.

02 / THE LEVER

03 When you try to check how five potential sponsors interpret your message, which step breaks down first, and in what context?

04 What assumption are you making that the evidence does not yet support? How could you check it?

03 / PRACTICE & TEST

05 Coach question: What did they believe you would deliver before you clarified it?

06 How could you replace explaining the message during the test with a fair, specific and testable move?

DEEP WORK II + WORKSHEET

Positioning Readback Test

Build a usable artifact, then pressure-test it with a real-world scenario.

07 What must a five-sponsor readback log contain to help the user check how five potential sponsors interpret your message? Name the first two decisions it supports.

08 Where might explaining the message during the test show up? How will you notice it and adjust before a colleague or participant is affected?

EVIDENCE AUDIT

Complete five rows while building a five-sponsor readback log. Use only approved, non-sensitive examples.

03 REHEARSE	Practise the move with a coach or peer and request one correction. 	
04 TEST	Try it in one relevant, consented team or stakeholder interaction. 	
05 ADAPT	Review accurate unprompted summaries and change one thing.
